

Registration:

When CLC becomes your school of choice, the next step is to register each child for school. At this stage, a student application form is filled in, and questions about uniforms, tuition costs, school fees, schedules and so on are addressed. Every effort is made to ensure that you and other parents stay excited about the future and remain confident about each step of the process.

We work very closely with you and try to establish a constructive and amicable partnership that will mutually benefit you and your children.

Diagnostic Testing:

This test is administered by CLC to ensure two things:

- Your child's educational status or level is accurately determined. Why is this important? The test clearly reflects what your child has learned and retained from his previous school. It ensures that your child will never be under-educated. Based on his score, an accurate grade level is determined and specific curriculum is ordered for your child.

- Your child's strengths and weaknesses in any given subject area are highlighted. Why is this important? Every child is unique and his greatness is locked up in his uniqueness. A teacher's duty is to help parents seize their child's best and bring it out.

Please contact our Principal, Christine Grant, to whom all your inquiries may be directed. She can be reached at the Bibleway Ministries and CLC office at (613) 838-4238 or at straitgate2013@gmail.com.
